Experience

Internship

October 2018-Current Day

SRVD

Pittsburgh, Pennsylvania

Experienced working with a team and collaborating with other developers. Learned to apply best practices to developing applications so that they are user friendly, efficient, and effective. Experience working both in person and remotely.

Web Development Immersive Student

June 2018-September 2018

General Assembly

Washington, D.C.

Understood how to set up a development environment, the fundamentals of programming, and basics with computing, networks, and data structures. Appropriately model my data, develop simple wireframes, and learn to track a collaborative development process using version control. Experienced working with others to develop larger scale applications.

LifeGuard

May 2015-September 2017

Boro of Seaside Park

Seaside Park, New Jersey

Completed Seaside Park swim qualification test and certified to use CPR. Watched over public beaches, helped manage public events, and interaction experience with patrons. Experienced working in a unit to work as effective as possible.

Project

Film Critic

August September 2018

<https://film-critic.herokuapp.com/>

For this project I used Python, Django, pSQL, and heroku as my technologies. This is an application to explore movies and to read reviews written by anyone to see if its the right movie for you! Sign up to start leaving your amazing reviews on your favorite movies for the world to see!

Education

Web Development Immersive Student

June 2018-September 2018

General Assembly

Washington, D.C.

Highschool Diploma

September 2014-June 2018

Jackson Liberty High School

Jackson, New Jersey
